

Summary:

Last night the FB account The Real Pat King went Live to announce their own digital currency. The group cited difficulties getting their funds from donation websites such as GoFundMe and some even said their banks were freezing them out. They explained to their followers that a decentralized digital currency would allow people from all over the world to support the “movement”.

The pre-sale is set for tonight at 7PM and it remains to be seen if their followers will be able to figure out how to buy the token. One lone user in their **REDACT** chat repeatedly asked where the 95% of value will go as the organizers are only mentioning the 8% that they claim is going to the truckers and the “foundation” but his questions were left unanswered.

Of note during the FB announcement Pat King said the movement is not over when the mandates end*

REDACTED describes how the token will work:

- Truckers get their free \$20
- Every transaction is divided in 2 – hard to tell what he is saying “8%” or “80%” transaction fee – 4% going to the “foundation” 4% going to the “truckers and token holders”
- The Foundation will act like a bank to take their money out for freedom activities
- There is going to be a “contract” on the website – must have a “trust” wallet or a “metamask (?)” go find “kick swap(?)” – it’s not been listed yet on the exchanges
- Must “prove” your part of the movement
- Refer to a REDACTED putting something in the REDACTED and a REDACTED monitoring the FB comments
- “RC the Rapper” signs a song
- They claim that Elon Musk is already interested

What is \$FCT ?

The Freedom Convoy project was born out of centralisation issues with fiat currency platforms such as GoFundMe. Being able to push our cause to a worldwide audience with no entity to control our vision meant going Decentralized. Canadians and worldwide investors all across the globe can voice their concerns through such a cause as another 4% of every transaction goes to the Freedom Convoy Foundation (FCF). We need your support to bring life in Canada back to its rightful state as a FREE country.

There will be a Pre-Sale tomorrow (Sunday the 13th, 19:00 Est) before the public launch.

Official website:

<https://FreedomConvoyToken.com>

Symbol: \$FCT

Pre-Launch website: <https://PinkSale.finance>

Public launch platform: <https://PancakeSwap.finance>

Simply put, all you need to do is set up a MetaMask wallet and get Smart Chain BNB into it to prepare for the Pre-Sale.

1. Set up a MetaMask wallet.
2. Add the BNB Smart Chain to MetaMask.
3. Get and move BNB (the BSC/BEP20 version) into your MetaMask wallet.

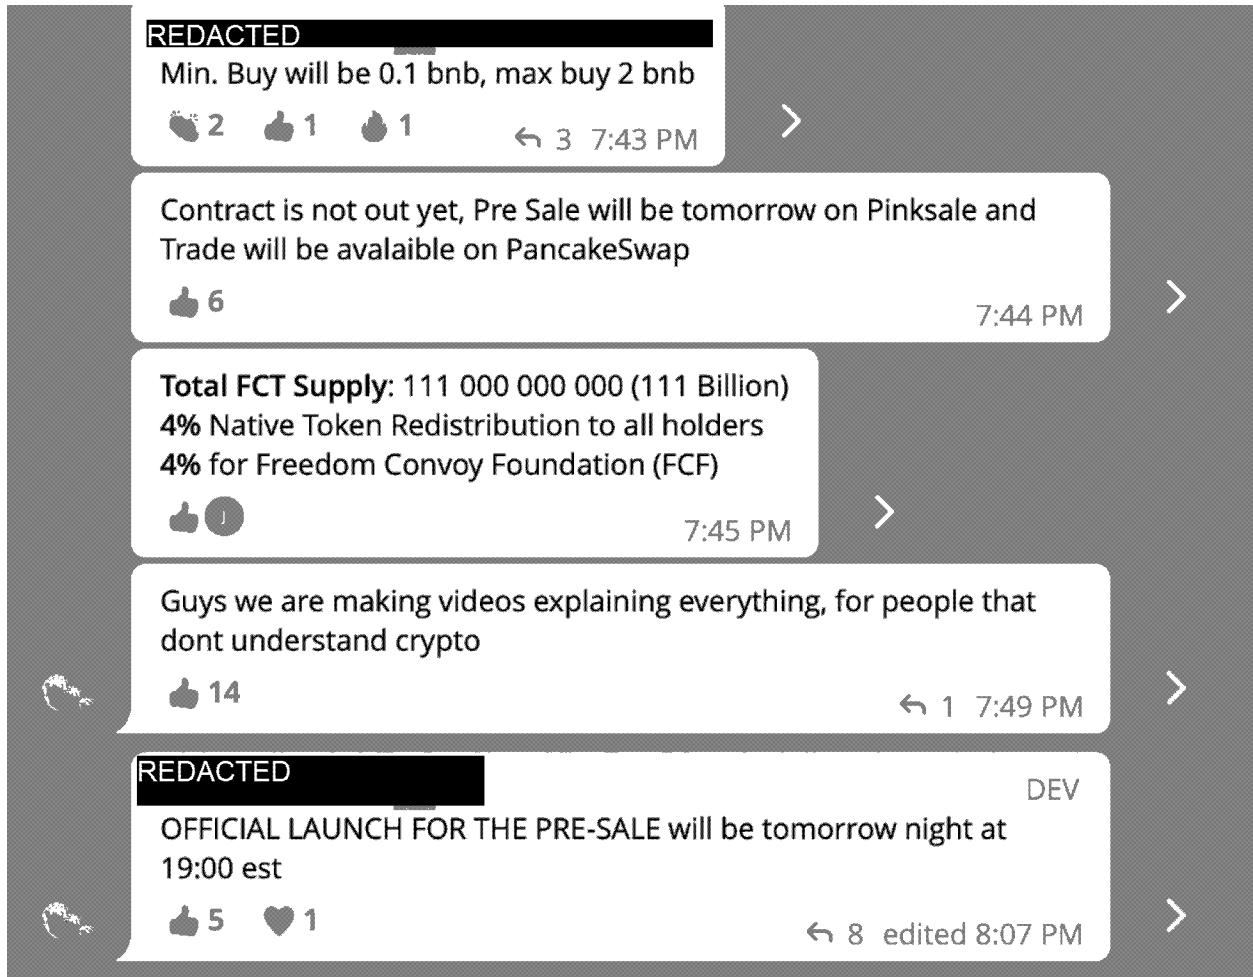

Once you've done that, you are prepared for the Pre-Sale (as well as the public launch which will be held on PancakeSwap).
